

EVERYTHING YOU WANTED TO KNOW ABOUT CCTE BUT WERE AFRAID TO ASK

WHO ARE WE AND WHY ARE YOU HERE?

PRESENTED TO YOU BY YOUR CCTE MEMBERSHIP CHAIRS:

DEBORAH HAMM & MONA THOMPSON

WE HAVE HISTORY!!

CCTE was founded by the California Department of Education and University Deans of Education

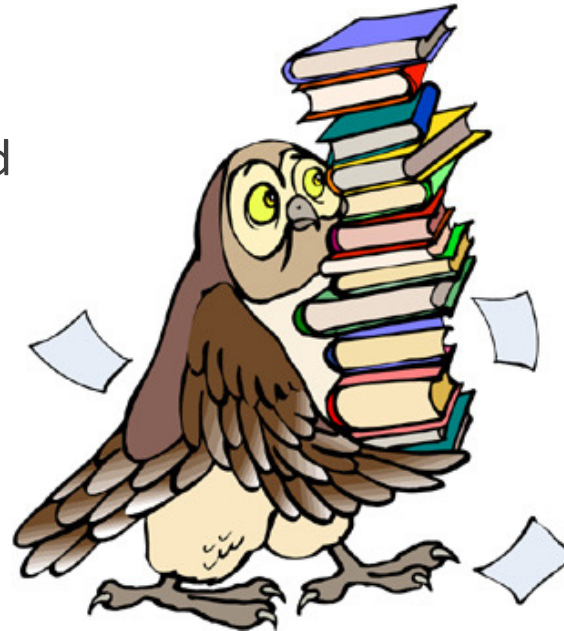

Faculty weren't invited!!! But We out numbered them and after a few yearswe were welcomed to the “group” 😊

Journals

CCTE publishes two – make that three - well known education publications:

1. Teacher Education Quarterly - Peer Reviewed
2. Issues in Teacher Education – Peer Reviewed
3. CC News - Published Quarterly

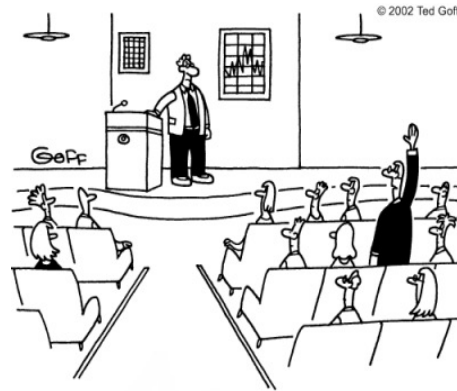

Conferences

CCTE has two conferences each year. The fall conference is in the south
and the spring conference is in the northern part of the state .

Each conference has a unique and current theme which features well known leaders in the field of teacher education.

"Could we extend the annual meeting? I still
have a lot of complaining to do!"

Research

During each conference attendees will have the opportunity to learn about recent research in the field.

During the conference you will be able to select from a number of research presentations as well as attend our wine and cheese poster session which highlights the work of many researchers. They will share what they are studying and what they are learning along the way

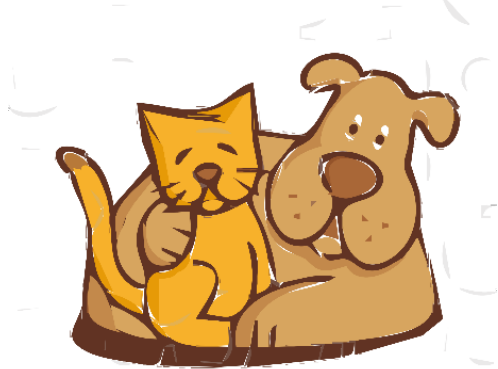

You too can present your research by submitting information about your work to the Research Committee.

SIGS

We have numerous “SIGS” (Special Interest Groups) that meet during the conference. SIGS provide opportunities for attendees to spend time with “like minded” attendees focusing on a particular area of teacher training/higher education that is of interest to them.

This is a great way to identify and form professional relationships with others who share similar interests.
